PRÉCIS CALLE 79A # 8-45

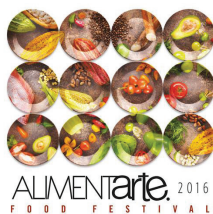

Précis was born from the union of several emerging Colombian designers, each with their own style and DNA. Located in a beautiful house near the "Calle de los Anticuarios", this new boutique opened just a month ago. The designs are aimed at women who have a clear style and seek to differentiate themselves with unique, iconic and handmade pieces. **INSIDER TIP** Check out the leather handbags of **Ines Belleorez** or the daring designs of **Andrea Landa**.

CASA CRA. 13 # 85-24

CASA, located in the former house of Guillermo Bermúdez a renowned Colombian architect, is considered a national architectural heritage.

From the minute you walk into the front door, the former charm of the house is reflected immediately through its interior design, retro furniture and paintings. Whether it's to enjoy a scotch at the fireplace or a cocktail in the garden on a sunny day, this restaurant never disappoints and has become very popular amongst locals. Its cuisine is based on Spanish and Mediterranean flavors. My recommendation is to share all dishes at the center of the table. **INSIDER TIP** Get a table in the garden and different starters like the goat cheese salad, delicious tuna tartar and grilled octopus.
